

Community Visitors

Aim: To help the boys learn about the local community workers

There are often members of the community who are able and willing to come and talk to the boys. Ensure they have a brief of what you want them to talk about.

Possibilities:

- Police officer
- Fire fighter
- Lollipop man/women
- Guide dogs for the blind
- Paramedic/Doctor

A visitor might be part of a more specific topic. Such as hygiene, dental care, etc.

There may be appropriate people from within your congregation.

No maximum number
depending on adequate
supervision

15-20 minutes
